Sakshi Agrawal

Full Stack Developer @Martechs
Pune, Maharashtra, India

Summary

I'm a versatile full stack developer with expertise in Python, Flask, ReactJS, MongoDB, HTML, CSS, and JavaScript. I also have skills in OpenAI and Langchain, enabling me to integrate advanced AI capabilities. With experience in SQL and RESTful API development, I ensure efficient data management and seamless integration. Committed to delivering high-quality solutions, I focus on creating innovative and user-friendly experiences.
